ULTEIG CODE OF BUSINESS ETHICS AND CONDUCT

Since 1944, Ulteig has built a culture with a strong sense of purpose centered on its Values. Those values - which include Client Success, Integrity, Enthusiasm, Inclusion, Agility, and Innovation – define who we are and guide our behaviors. In our business dealings and relationships, Integrity is at the core of how we show up. Ulteig's reputation for legal and ethical behavior is one of our most valuable assets. This reputation has been built upon a policy of strict compliance with the law and the conduct of business with the highest standards of ethical behavior.

This Code of Business Ethics and Conduct (the "Code") is intended to inform employees and Ulteig's Supply Chain of their legal and ethical obligations to Ulteig and its clients. Our Directors, CEO, the Ulteig Leadership Team, managers and supervisors will ensure that employees understand and comply with this Code. All Ulteig employees are required to report all violations of the Code. It is the obligation of The Ulteig Leadership Team, managers and supervisors to ensure that each employee under their direction reads and understands the Code.

No code can cover every possible business situation. If you have any doubts or concerns regarding the Code or any conduct, please review these issues with your immediate supervisor. You can also discuss any matter with our Human Resources and Legal & Risk teams. If you prefer, you can make your report anonymously by using Ulteig's confidential and anonymous Business Ethics and Conduct Hotline (833-480-0010).

Ulteig considers compliance with this Code to be vital. Ulteig's reputation for quality professional services and high standards can only be maintained through consistently honest and ethical dealings. Each of us must sustain that reputation by adhering to the principles of integrity, honesty and respect articulated in this Code. The examples provided in the "Ulteig Integrity in Action" subsections are supportive practices for illustrative purposes only, and are not an exhaustive list of expectations.

While we expect all employees to follow this Code, please note that it does not create a contract of employment, and nothing in this document is intended to alter the at-will status of your employment. Employees who violate the laws, regulations, these standards, or our policies are subject to disciplinary action, up to and including termination of employment.

For purposes of this Code, the "Supply Chain" includes any Contractor or Agent that is a third party from whom Ulteig receives services, labor, equipment, supplies, subcontracts some or all of work from a client, and so on. Every link in Ulteig's Supply Chain is required to abide by this Code. Failure to do so in any manner whatsoever is grounds for termination of any contract, business arrangement, or other dealings with Ulteig.
